In case there is only one Bidder having technical score of 80 or more, the BFSL may, at its sole discretion, also consider the next highest technical score and qualify such Bidder. In case, none of the participating Bidders qualify on technical criteria and reach or exceed the cut-off score of 80, then the BFSL, at its sole discretion, may qualify two Bidders on the basis of the top 2 scores. However, the BFSL at its discretion may reject the proposal of the Bidder or will not consider Bidder below cutoff marks by relaxing as mentioned above, if in the BFSL’s opinion the Bidder could not present could not present a clear work plan as described in the proposal or in case the responses received from the site visited are negative or the services to be provided does not meet BFSL’s technical / functional requirement.

• Commercial Bid Evaluation

The Bidder who achieves the required cut – off technical score as part of technical evaluation shall be qualified for commercial bid opening. The commercial bid would be evaluated based on a “Total Cost of Ownership” (‘TCO’) basis. The key considerations of the TCO would be the total payouts for entire project through the contract period of 5 years.

• Weighted Evaluation:

On the basis of the combined weighted score for technical and commercial evaluation, the bidders shall be ranked in terms of the total score obtained. The proposal obtaining the highest total combined score in evaluation of quality and cost will be ranked as H-1 followed by the proposals securing lesser marks as H-2, H-3 etc. The proposal securing **the highest combined marks and ranked H-1 shall be recommended for award of contract.**

As an example, the following procedure can be followed:

A score (S) will be calculated for all qualified bidders using the following formula:

Clow/C X100 +T (1-X)

C stands for discounted rate arrived basis of commercial evaluation; **Clow** stands for the lowest rate arrived basis of commercial evaluation. **T** stands for technical evaluation score and **X** is equal to 0.30.

#	Bidder	Technical Evaluation Marks (T)	Discounted Rate (C)	T * 0.70 (A)	$\frac{[(C_{low} / C) \times 100]}{0.30}$ (B)	Score (S = A +B)
1	AAA	75	120	52.5	25	77.5
2	BBB	80	100	56	30	86
3	CCC	90	110	63	27.3	90.3

In the above example, Clow is 100.

In the above example, CCC, with the highest score becomes the successful bidder (**H1**).

In case of more than one Bidder with equal highest score (S) upto three decimal, then number of decimal will be increased.

The BFSL may in its absolute discretion engage in discussion or negotiation with H1 bidder. The decision of the BFSL shall be final and binding on all the Bidders to this document. The BFSL reserves the right to accept or reject an offer without assigning any reason whatsoever.
