**** Copies of Work order and client reference to be provided. Credentials and other evaluation criteria will be computed as of RFP Date**

In case there is only one vendor having technical score of 80 or more, the Company may, at its sole discretion, also consider the next highest technical score and qualify such vendor. In case, none of the participating vendors qualify on technical criteria and reach or exceed the cut-off score of 80, then the Company, at its sole discretion, may qualify two vendors on the basis of the top 2 scores. However, the Company at its discretion may reject the proposal of the Vendor or will not consider vendor below cutoff marks by relaxing as mentioned above, if in the Company’s opinion the Vendor could not present could not present a clear work plan as described in the proposal or in case the responses received from the site visited are negative or the services to be provided does not meet Company’s technical / functional requirement.

• Commercial Bid Evaluation

The vendor who achieves the required cut – off technical score as part of technical evaluation shall be qualified for commercial bid opening. The commercial bid would be evaluated based on a “Total Cost of Ownership” (‘TCO’) basis. The key considerations of the TCO would be the total payouts for entire project through the contract period of 3 years.

• Weighted Evaluation:

On the basis of the combined weighted score for technical and commercial evaluation, the bidders shall be ranked in terms of the total score obtained. The proposal obtaining

the highest total combined score in evaluation of quality and cost will be ranked as H-1 followed by the proposals securing lesser marks as H-2, H-3 etc. The proposal securing **the highest combined marks and ranked H-1 shall be recommended for award of contract.**

As an example, the following procedure can be followed:

A score (S) will be calculated for all qualified bidders using the following formula:

$Clow/C \times 100 + T(1-X)$

C stands for discounted rate arrived basis of commercial evaluation;

Clow stands for the lowest rate arrived basis of commercial evaluation.

T stands for technical evaluation score and **X** is equal to 0.30.

#	Bidder	Technical Evaluation Marks (T)	Discounted Rate (C)	T * 0.70 (A)	x [(Clow / C) x 100] x 0.30 (B)	Score (S = A +B)
1	AAA	75	120	52.5	25	77.5
2	BBB	80	100	56	30	86
3	CCC	90	110	63	27.3	90.3

In the above example, Clow is 100.

In the above example, CCC, with the highest score becomes the successful bidder (**H1**).

In case of more than one vendor with equal highest score (S) upto three decimal, then number of decimal will be increased.

The Company may in its absolute discretion engage in discussion or negotiation with H1 bidder. The decision of the Company shall be final and binding on all the vendors to this document. The Company reserves the right to accept or reject an offer without assigning any reason whatsoever.

10. Payment Terms

The payment schedule and milestones are divided into two phases:

	of items		
2	Against virtual completion of project.	40%	
3	Against Final Acceptance	25%	
4	Retention till comprehensive warranty expire	5%	

Milestones and Payment schedules for Extended Warranty for 2nd & 3rd Years

Payment of Operations phase will be made on Yearly basis (Advance of each year) based on the adherence to SLA, for the amount quoted for each respective year

Milestones and Payment schedules for Operations and Maintenance phase

Payment of Operations phase will be made on quarterly basis (at completion of each quarter) based on the adherence to SLA, for the amount quoted for each respective year.
